

Herron Downs Fen Support Letter

Clean Ohio Fund
Green Space Conservation Program
District 15
Natural Resource Assistance Council

We, the Ross Soil & Water Conservation District, are writing this letter in support of the Herron Downs Land Improvement project with its goal of removing invasive vegetative species and promoting community recreation. We fully support Ross County Park District in their efforts to enhance park property with wetland observation decks, boardwalks, trail development, and other aesthetic improvements.

It is our belief that endeavors like the Herron Downs Land Improvement project are vital to the preservation of native plant and animal species while simultaneously promoting a better connection between the public and the environment.
